Education

University of Virginia

Expected May 2024

B.A. in Computer Science, Minor in Psychology | Charlottesville, VA

- 3.7/4.0 GPA | Dean's List
- Relevant Coursework: Languages for Web Apps | Advanced Software Development | HCI in Software Development | Computer Architecture | Algorithms | Program & Data Representation

Seoul National University

Feb. 2023 – Jun. 2023

UVA Study Abroad | Seoul, South Korea

- Relevant Coursework: UI Design Programming

Experience

UX Design Intern

Jan. 2024 – Present

A Round Group | Vienna, VA

- Execute market analysis, user interviews, PRD drafting, branding work, and wireframing to build a two-sided web app aimed at connecting part-time job seekers with small business employers.

UX Design Intern

Jun. 2023 – Sep. 2023

Kubeshop | Remote

- Conducted competitor analysis, observational user testing, and Kubernetes-native usability testing.
- Audited product pages and 50+ PostHog recordings for UX issues and proposed potential solutions.
- Produced low-fi wireframes and high-fi prototypes in Figma to iteratively improve existing UI.
- Owned user flow and design for new AI feature and worked with developers to implement feature.

IT Intern

Jun. 2022 – Aug. 2022

SourceAmerica | Vienna, VA

- Migrated the company's intranet from on-premise to SharePoint Online, impacting 600+ daily users.
- Created and tested 200+ web pages, workflows, forms, and libraries to ensure seamless transition.

Projects

Design Lead

Aug. 2023 – Dec. 2023

HCI in Software Development | Charlottesville, VA

- Designed a mobile app to improve parking accessibility around UVA for a real-world client in a semester-long group project. Led team in weekly three-hour labs and biweekly client meetings.

UX Designer

Sep. 2023 – Dec. 2023

Advanced Software Development | Charlottesville, VA

- Directed user research and front-end development, resulting in a comprehensive design system for our Django web app integrated with Google Maps API for showcasing events around UVA.

Web Developer

Dec. 2022 – Jan. 2023

&Market | Washington, DC

- Collaborated with PM, visual lead, and UX designer to create and translate design mockups into a client-facing website for a coworking kitchen using Webflow and CSS.

Extracurricular

Student

Sep. 2022 – Dec. 2022

Forge (formerly HackCville) - Intro to UX Design | Charlottesville, VA

- Learned about UX design principles, methodologies, and industry best practices in weekly workshops and labs, and applied concepts to real world problems in two final group projects.

Skills
